(continue chord progression)

Here in the arms of my Father
Only grace can be found
So I lay my fears down
Nothing is the same anymore
You've changed me from the inside out
Now my heart is beating and it's singing won't You...

Hold me
Pull me just a little bit closer
I don't want to lose this moment
You're love has covered me
And now I can't get over You
I can't get over You
I can't get over You
I just can't get over You

I can't get over You

F C
I can't get over the way
G Am
Your love stays the same, oh Lord
F C
I can't get over the way
G Am
Your love stays the same, oh Lord

Am C G
Even through the good and the bad times
Am F
You stay the same
Am G
So my song will remain
Lord...
