

## Your Love (John 3:16 Song)

G                    D                    C  
Each morning when I rise, open my eyes  
          Em        D  
Your Love amazes me,  
G                    D                    C  
All throughout my day, you're still the same,  
          Em        D  
Your love amazes me,

### **PreChorus:**

C                    G        C                    G  
I can't comprehend, your love it never ends  
C                    G                    Em    D  
my mind can't pretend, that I'm worthy,  
          C                    G        C                    G  
Oh..I can't comprehend, your love it never ends,  
C                    G                    Em    D  
My mind can't pretend, that I'm worthy,

### **Chorus:**

          C    G    Em                    D  
Of your love, (none can even fathom)  
          C    G    Em                    D  
Your love (my heart can't imagine)  
          C    G    Em                    D  
Your love, (we are so unworthy)  
          C    G    Em                    D  
Your love, (but you keep on giving)  
          C    G    Em    D  
Your love.

### Verse 2:

I think about that cross, and all the cost  
That you paid for me,  
The God that made this world, became a man  
And then died for me

### Prechorus:

Chorus:
